UPES Fees for BTech CSE Branch

The BTech CSE program at UPES Dehradun follows a progressive fee structure with annual increments to account for inflation and enhanced academic resources. The first-year fees start at ₹4,80,000 (₹2,40,000 per semester) and gradually increase each year, reaching ₹5,69,000 in the fourth year. This includes both tuition fees and academic service fees which cover laboratory access, library resources, software licenses, placement training, and industry interaction sessions. The year-on-year increment is approximately 5-6%, making it essential for students to plan their finances accordingly.

Academic Year	Tuition Fee (Annual)	Academic Service Fee (Annual)	Total Annual Fee

UPES Fees for BTech CSE with Hostel

For students opting for on-campus accommodation, the BTech CSE program costs increase significantly based on the hostel type selected. The most economical option is the triple-sharing non-AC hostel at Kandoli Campus (₹1,83,000 annually), bringing the total first-year cost to ₹6,63,000. Students preferring AC accommodations or attached washrooms should budget an additional ₹15,000-37,000 per year. The hostel fees remain relatively stable across all four years, while the academic fees increase progressively. Including the refundable security deposit of ₹10,000, the complete four-year CSE program with basic hostel facilities costs approximately ₹28.27 lakhs.
